between 59th Avenue and 75th Avenue, for compliance with ADA (Americans with Disabilities Act). All work is taking place in the existing public right-of-way. Curb lane restrictions may be in place near the work area.

Scheduled to begin the week of January 25th.

Crack sealing will be conducted in the residential streets east of 67th Avenue to 65th Avenue and from Monona Drive to south of Deer Valley Road, during daytime hours. These are moving operations and crews should not be on any one street for more than a day or two during this work. Traffic may be restricted while work is taking place; however, vehicles are typically permitted to drive over the crack sealant almost immediately. Access to properties may be blocked, if necessary, for only the few minutes when and if crack sealing occurs directly in front of a driveway. Crews will be on site to assist with the management of traffic.
